## Order Information

### *Planning*

When planning your event, please place your order *at least* 48 hours in advance. The sooner we know, the smoother things go. If the function is large, or you will be customizing the foods for your function, we will need more time to special order the items you want. We try our best to accommodate last minute requests, but sometimes it is simply not possible. Because of our wide assortment of menu offerings, we cannot keep all items and ingredients on hand at all times.

### *Equipment Provided*

We supply high quality plastic ware and attractive disposable platters. Our "everyday" plastic consists of black plates and utensils, brown napkins and plastic cups. For a more upscale look, we can provide clear plates and utensils, white napkins, and clear tumblers. We can also provide sturdy, damask-patterned paper tablecloths.

1. "Everyday" plasticware \$.75 per person
2. "Fancy" plasticware \$1.10 per person
3. Paper damask tablecloth \$6.50

We can also make arrangements for rental equipment (linens, tables, etc.). There is a 10% charge (\$10.00 minimum) for rental orders we process.

Orders that require equipment to be picked up (chafers, coffee urns, etc.), will get a catering equipment list showing the equipment to be returned. Please pay close attention to the terms on this sheet. *Do not remove any non-disposable equipment from the site.* Additional fees may be charged for any extra equipment pick-ups required.

### *Deliveries*

Please note the minimums on our current menu (8 people for hot entrees, etc.). We have added minimum dollar amounts for delivery areas, such as:

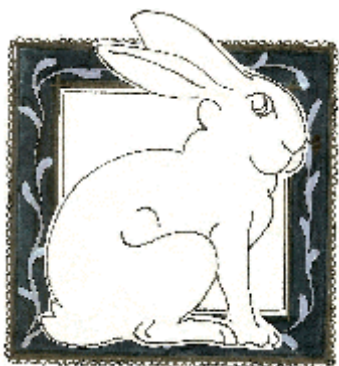

1. Raleigh area (includes Cary, Garner). \$75 minimum order. \$15 delivery charge.
2. Triangle area (includes RTP, airport area, Wake Forest, Zebulon, Wendell, Clayton, Fuquay-Varina, Apex, Holly Springs, Knightdale, Falls Lake area). \$100 minimum order. \$20 delivery charge.
3. Durham and beyond. \$150 minimum order. Delivery charges start at \$25.

You are welcomed to pick up your order if you prefer.

Occasionally, due to conditions beyond our control, we may have to temporarily raise some prices. In instances where our costs are temporarily increased (food or supply shortages, gasoline price spikes), we try to absorb these costs as much as we can, but we may need to pass the increases on to our customers.
